GRANDFATHERED SERVICES, (CONT'D.)

*Sections 6.7 - 6.14 contain products from Trinsic Communications, Inc.'s Kentucky local tariff.
As of April 1, 2006, these products are no longer available.*

6.7 Member to Member Home Edition Service

Member to Member Service is available to all Access Customers of a Network Exchange Bundled Service. Member to Member allows Access Customers to call other Access Customers without incurring per call usage charges or depleting the bundled minutes call allowance. Calls under the Member to Member option must originate on and terminate to a telephone number presubscribed to a Network Exchange Bundled Service. Access Customers are not required to identify Customers in their calling circle. Such identification will be handled by the Company's network.

Member to Member calling between Access Customers applies to both intrastate and interstate calling. There is no limit to the number of minutes included in Member to Member.

This service is available with services where noted in the description of each service.

6.13 AIN Spectrum Unlimited

AIN Spectrum Unlimited is a service targeted primarily at business customers as a bundled service offering. Customers receive unlimited local and long distance calling including calls completed through the Company's Personal Voice Assistant (PVA) for a flat monthly rate. The primary line also includes the following custom calling features: Caller ID, Call Waiting, Three-Way Calling, Speed Dial and Call Forwarding, as well as one voice mail box. Operator assisted calling, travel card calling and international calling are not included in the flat monthly rate for service. AIN Spectrum Unlimited is available on up to a maximum of twelve (12) lines per location. AIN must be selected as both the local toll and inter-LATA toll carrier for all lines at a single location and on a single billing account. PBX, PBX-like equipment, auto-dialers, dial-up online service, broadcast fax transmissions and data usage traffic are prohibited under this plan. If usage exceeds the average usage per line of all customers on the plan in the Customer's state by five times over a three (3) month period, Customer may be moved to another plan. Customers may purchase additional lines, however custom calling features and voice mail are not available with the purchase of additional lines except through Feature Packages.

A. Outbound Service

Primary Line, per month:	\$53.99
Additional Lines, per month:	\$43.99

B. Feature Packages

Custom Calling Feature Package for Additional Lines includes Caller ID, Call Waiting, Three-Way Calling, Speed Dial and Call Forwarding.

Monthly Rate:	\$4.95

6.14 AIN Spectrum Plus Service

AIN Spectrum Plus Service is a local exchange service for small business Customers consisting of a local exchange line for a monthly recurring charge and unlimited local calling. Calling features are available with the local exchange service for an additional monthly recurring charge per feature.

Local Exchange Service

A. Local Business Line

A local exchange line with unlimited local calling includes Hunting only if Customers request the Hunting calling feature when placing the order for service.

Monthly Rate: \$34.00

Customers who sign a one (1) or two (2) year agreement will, based upon contract term and number of access lines, subscribed to AIN in this state or nationwide, receive a percentage discount on Spectrum Plus local exchange service as noted below.

The percentage discount does not apply to FCC line charges.

<u>Lines</u>	Term	
	1 Year	2 Year
200	5%	5%
1000	10%	15%
2000	15%	16%

B. Calling Features

The following Calling features are available at an additional monthly recurring charge: Call Forwarding; Call Forwarding-Busy; Call Forwarding-No Answer; Speed Calling; Caller ID; Call Waiting, Three-Way Calling, and Distinctive Ring

Monthly Recurring Charge Per Feature: \$3.00
Monthly Recurring Charge, Feature Pack (3 or more): \$9.00

GRANDFATHERED SERVICES, (CONT'D.)

6.14 AIN Spectrum Plus Service (Cont'd)

B. Calling Features (Cont'd)

Customers subscribing to AIN Spectrum Plus Service may also subscribe to the following Calling Features:

Call Forwarding - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Call Forwarding -Busy - Permanently routes incoming calls to a predetermined telephone number when the called line is busy.

Call Forwarding - No Answer - Permanently routes incoming calls to a specified number, selected by the Customer, when the called line is unanswered.

Speed Calling - This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in an 8 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

Caller ID - Allows a Customer to see a caller's telephone number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers.

Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call. Customers must actively choose this feature on a line-by-line basis. Call Waiting is not available on lines enabled for Rotary Hunting.

6.14 AIN Spectrum Plus Service (Cont'd)

B. Calling Features (Cont'd)

Three Way Calling - Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

Hunting - Routes a call to an idle station line in a prearranged group when the called station line is busy. This feature is available at no charge but must be requested by the Customer.
